

Seminari/Incontri per il Percorso di Eccellenza per la Laurea Magistrale in Fisica a.a. 2024/2025

Giovedì 10 Aprile – ore 13:00-14:30
Aula Grassano

Mobility & Career: Round Trip for Brain Drain

Olivia Pulci

Abstract: We explore the challenges and opportunities of academic mobility in a globalized world. This seminar will analyze key programs such as Erasmus, Marie Curie Individual Fellowships, ERC, FIS, and the Rita Levi Montalcini Program, highlighting their role in shaping research careers. We will discuss not only how talents leave but also how they can return, bringing valuable expertise to foster innovation and development.
